“ St. I teachers, school personnel, students and their families in our daughter's classroom have truly become our extended family. We have bonded and created wonderful relationships with the families that go beyond the school premises. St. Irenaeus has been the place where we not only have been able to share our moral values, but most importantly our Catholic faith.”

- Servin Family

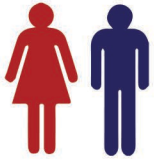

“ I can't even describe how happy we have been with the experience of moving the boys to St. I and how welcoming everyone has been. We often tell friends and family how fortunate and thankful we are to have them there. The boys have had a very smooth transition, have made friends, are settled in, doing great academically, and so happy to be there.”
